EDL257	American Sign Language 3b: Conversations & Culture	9
EDL148	Anatomy and Physiology 1a: Introduction	9
EDL149	Anatomy and Physiology 1b: Discovering Form and Function.	9
EDL351	Animation 1a: Introduction	9
EDL352	Animation 1b: Animating Your Creativity	9
EDL004	Anthropology 1: Uncovering Human Mysteries.	9
EDL019	Anthropology 2: More Human Mysteries Uncovered	9
EDL255	Applied Engineering 1a: Introduction	10
EDL256	Applied Engineering 1b: Solving Problems Together	10
EDL021	Archaeology: Detectives of the Past	10
EDL038	Art in World Cultures	10
EDL132	Astronomy 1a: Introduction	10
EDL133	Astronomy 1b: Exploring the Universe	10

B

EDL112	Biotechnology 1a: Introduction	10
EDL113	Biotechnology 1b: Unlocking Nature's Secrets	10
EDL271	Business Communications 1a: Introduction	10

EDL272	Business Communications 1b: Listen, Speak, & Write in the Workplace	10
EDL215	Business Information Management 1a: Introduction	11
EDL216	Business Information Management 1b: Data Essentials	11
EDL273	Business Law 1a: Introduction	11
EDL274	Business Law 1b: Legal Aspects of Business	11
EDL281	Business Ownership 1a: Introduction.	11

C

EDL347	Careers in Criminal Justice 1a: Introduction	11
†EDL348	Careers in Criminal Justice 1b: Finding Your Speciality in Criminal Justice	11
EDL087	Coding 1a: Introduction to Programming	11
EDL105	Coding 1b: Programming.	11
EDL067	Concepts of Engineering and Technology.	12
EDL046	Cosmetology 1: Cutting Edge Styles	12
EDL100	Cosmetology 2: The Business of Skin & Nail Care	12
EDL108	Cosmetology 3a: Introduction to Hair Skills	12
EDL156	Cosmetology 3b: Waving, Coloring and Advancing Hair Skills.	12
EDL072	Creative Writing.	12
EDL130	Creative Writing: Unleashing the Core of Your Imagination	12
EDL008	Criminology: Inside the Criminal Mind.	12
EDL235	Culinary Arts 1a: Introduction	12
EDL236	Culinary Arts 1b: Finding Your Palate.	12
EDL096	Culinary Arts 2: Baking, Pastry, and More!	13
EDL098	Cybersecurity 1a: Foundations	13
EDL099	Cybersecurity 1b: Defense Against Cyber Threats.	13

D

EDL253	Dental Assistant 1a: Introduction	13
EDL254	Dental Assistant 1b: Principles of Clinical Dentistry	13
EDL237	Digital Media Fundamentals 1a: Introduction.	13
EDL238	Digital Media Fundamentals 1b: Producing for the Web	13
EDL320	Digital Media Web Design 2a: Build a Portfolio Website	13
EDL321	Digital Media Web Design 2b: Build an eCommerce Website.	13

EDL233	Digital Photography 1a: Introduction	14
EDL234	Digital Photography 1b: Creating Images with Impact!.	14
EDL017	Digital Photography 2: Discovering Your Creative Potential	14

E

EDL118	Early Childhood Education 1a: Introduction	14
EDL119	Early Childhood Education 1b: Developing Early Learners	14
EDL265	EKG Technician 1a: Introduction	14
EDL266	EKG Technician 1b: Analysis and Response	14
EDL300	Emergency Medical Responder 1a: Introduction	14
EDL301	Emergency Medical Responder 1b: Prepared for Action	14
EDL261	Entrepreneurship 1a: Introduction	15
EDL262	Entrepreneurship 1b: Make Your Idea a Reality	15

F

EDL349	Fashion Design	15
EDL131	Forensics: The Science of Crime.	15
EDL011	Forensic Science 1: Secrets of the Dead	15
EDL022	Forensic Science 2: More Secrets of the Dead	15
EDL069	Forestry and Natural Resources	15
EDL243	Foundations of Game Design 1a: Introduction	15
EDL244	Foundations of Game Design 1b: Storytelling, Mechanics, and Production	15

G

EDL330	Game Design 2a: Build a World.	16
EDL331	Game Design 2b: Launch a Game	16
EDL015	Gothic Literature: Monster Stories	16
EDL013	Great Minds in Science: Ideas for New Generation	16

H

EDL357	Health & Physical Education 1a: Introduction	16
EDL358	Health & Physical Education 1b: Invest in Your Health	16
EDL063	Health 1: Life Management Skills	16
EDL029	Health Science 1: The Whole Individual	16
EDL054	Health Science 2: Patient Care and Medical Services.	17
EDL152	Health Science Foundations 1a: Introduction	17

EDLI53	Health Science Foundations 1b: Professional Responsibilities	17
EDL091	Health Science: Public Health	17
EDL092	Health Science: Nursing	17
EDL036	History of the Holocaust	17
EDL027	Hospitality and Tourism 1: Traveling the Globe	17
EDL088	Hospitality and Tourism 2a: Hotel and Restaurant Management	17
EDLI11	Hospitality and Tourism 2b: Management, Marketing & Operations	17
EDL093	Human and Social Services 1: Introduction.	17
EDL025	Human Geography: Our Global Identity	18

I

EDL350	Interior Design	18
EDL030	International Business: Global Commerce in the 21st Century.	18
EDL221	Introduction to Programming 1a	18
EDL251	Introduction to Networking 1a: Introduction	18
EDL252	Intro to Networking 1b: Network Oversight	18
EDL222	Introduction to Programming 1b: Problem Solving Through Programming.	18

J

EDLI20	Journalism 1a: Introduction	18
EDLI21	Journalism 1b: Investigating the Truth	18

L

EDL003	Law and Order: Introduction to Legal Studies	19
EDL095	Learning in a Digital World: Digital Citizenship.	19
EDL275	Legal Admin Specialist 1a: Introduction.	19
EDL276	Legal Admin Specialist 1b: Taking Care of the Legal Office	19
EDL094	Life Skills: Navigating Adulthood	19

M

EDL053	Manufacturing: Product Design and Innovation.	19
EDL239	Management 1a: Introduction	19

EDL073	Marine Science: Secrets of the Blue.	20
EDL269	Marketing 2a: Global Business & Trade.	20
EDL270	Marketing 2b: Developing a Sales Team	20

EDL226	Marketing Foundations 1a: Introduction	20
EDL227	Marketing Foundations 1b: Building Your Base	20
EDL259	Medical Diagnostic Technology 1a: Introduction	20
EDL260	Medical Diagnostic Technology 1b: Exploring Systems & Procedures	20
EDL241	Medical Terminology 1a: Introduction	20
EDL242	Medical Terminology 1b: Discovering Word Foundations.	20
EDL228	Microsoft Outlook	21
EDL229	Microsoft PowerPoint	21
EDL230	Microsoft Word	21
EDL231	Microsoft Excel.	21
EDL232	Microsoft Access	21
EDL078	Middle School 2D Studio Art	21
EDL225	Middle School Career Explorations 1.	21
EDL083	Middle School Career Explorations 2	21
EDLI02	Middle School Coding 1a: Introduction	21
EDLI09	Middle School Coding 1b: Learning Python and Javascript	21
EDL077	Middle School Digital Art & Design.	21
EDL341	Middle School Exploring Business	21
EDL342	Middle School Exploring Health Science	22
EDL043	Middle School Exploring Information Technology.	22
EDL079	Middle School Exploring Music	22
EDL080	Middle School Fitness	22
EDLI03	Middle School Game Design 1a.	22
EDLI10	Middle School Game Design 1b.	22
EDL041	Middle School Journalism.	22
EDL345	Middle School Photography 1a: Introduction	22
EDL346	Middle School Photography 1b: Drawing with Light	22
EDL068	Military Careers	22
EDL023	Music Appreciation: The Enjoyment of Listening	22
EDL026	Mythology and Folklore: Legendary Tales	23

N

EDL074	National Security	23
EDL217	Network Security Fundamentals 1a: Introduction	23
EDL218	Network Security Fundamentals 1b: Forensics & Permissions.	23

EDL065	Nutrition and Wellness.	23
EDL245	Nursing Assistant 1a: Introduction	23
EDL246	Nursing Assistant 1b: Patient Care	23

O

EDL247	Office Administration 1a: Introduction.	24
EDL248	Office Administration 1b: Running the Office	24
EDL332	Operational Cybersecurity 1a: Introduction	24

P

EDL043	Peer Counseling.	24
EDL018	Personal and Family Finance	24
EDL076	Personal Fitness	24
EDL001	Personal Psychology 1: The Road to Self-Discovery.	24
EDL005	Personal Psychology 2: Living in a Complex World	24
EDL302	Pharmacology 1a: Introduction.	24

EDL051	Women's Studies: A Personal Journey Through Film	28
EDL024	World Religions: Exploring Diversity	28
EDL340	Workplace & Internship Readiness: Preparing for Work & Life	28

Starting in middle school, students can begin exploring a variety of career fields to make informed plans and decisions about their future education, career opportunities, and programs of study. The course curriculum is flexible and customizable to work continuously in any instructional model, runs on all devices, and is compatible with nearly all LMS systems. Course components offer lessons, activities, discussions, and assessments. These include engaging narratives, videos, slideshows, flashcards, podcasts, and a literacy support toolbar that offers language translations. ***These courses have been organized into pathways and tracks:***

Agriculture, Food & Natural Resources

Career Pathway	Career	Middle School		Year 1		Year 2		Year 3		Optional Courses

Career Ready Program

CERTIFICATIONS SUMMARY

This program offers high school students sequenced learning tracks aligned to national standards. These tracks put students on a path to obtain **industry certifications** and to secure employment in high-paying, high-demand jobs.

Information Technology + Engineering - 34 Certifications

Mid-Path Certifications

- iC3 Computing Fundamentals
- iC3 Living Online
- iC3 Key Applications
- CompTIA IT Fundamentals (ITF+)

Industry Certifications

- CCNA CyberOps
- CIW Site Development Associate
- CIW Web Design Specialist
- CISCO Certified Network Associate
- CompTIA A+
- CompTIA Network +
- CompTIA IT Fundamentals (ITF+)
- CompTIA Security+
- ICT Gaming Essentials
- ICT Programming and Logic
- ICT Web Design Essentials
- MO-100: Microsoft Word (Word and Word 2019)
- MO-200: Microsoft Excel (Excel and Excel 2019)
- MO-300: Microsoft PowerPoint (PowerPoint and PowerPoint 2019)
- MO-400: Microsoft Outlook (Outlook and Outlook 2019)
- MO-500: Microsoft Access Expert (Access and Access 2019)
- MOS Exam 77-725: Word 2016: Core
- MOS Exam 77-727: Excel 2016: Core
- MOS Exam 77-729: PowerPoint 2016: Core
- MOS Exam 77-730: Access 2016
- MOS Exam 77-731: Outlook: Core
- Microsoft Office Specialist 2016
- MTA Networking Fundamentals
- MTA Security
- NOCTI Computer Networking Fundamentals
- NOCTI Computer Programmer
- NOCTI Interactive Media (Pathway Assessment)
- NOCTI Network Systems
- NOCTI Visual Communications and Interactive Media Design (Job Ready)
- REC Foundation Certification

Health Science – 26 Certifications

Mid-Pathway Certifications

- NHSA (National Health Science Assessments)
- NCHSE: Foundations of Healthcare Professions
- NCHSE National Health Science Standards
- NCHSE Human Structure, Functions, Disease (A)
- NCHSE Human Structure, Functions, Disease (B)

Industry Certifications

- AAMA Certified Medical Assistant
- ACSM Certified Group Exercise Trainer
- ACSM Certified Personal Trainer
- AMCA Nursing Assistant Certification
- American Society for Clinical Pathology Medical Lab Assistant
- Biotechnician Assistant Credentialing Exam (BACE)
- NASM (National Academy of Sports Medicine)
- National Registry for Emergency Technicians
- NCCT National Certified Medical Assistant
- NCET ECG
- NCHSE Dental I
- NCHSE Dental II
- NHA Certified Clinical Medical Assistant
- NHA Certified EKG Technician (CET)
- NOCTI Dental Assisting (Job Ready Assessment)
- NOCTI Diagnostic Services Pathway Assessment
- NOCTI Health Assisting (Job Ready Assessment)
- NOCTI Medical Assisting (Job Ready Assessment)
- NOCTI Nursing Assistant (Job Ready Assessment)
- NOCTI Therapeutic Services (Pathway Assessment)
- NOCTI Biotechnology

Business Management & Administration + Marketing - 18 Certifications

Industry Certifications

- Accredited Legal Professional (NALS)
- AMA Sales Management
- ASK Concepts of Entrepreneurship/Management
- ASK Fundamental Business Concepts
- ASK Fundamentals of Ethics
- ASK Fundamentals of Finance
- ASK Fundamental Marketing Concepts
- Brainbench Legal Secretarial Skills
- Certified Administrative Professional (CAP)
- Certified Medical Administrative Assistant (CMAA)
- CME Certified Manager Exam
- Entrepreneurship & Small Business (ESB)
- National Certification Medical Office Assistant (NCMOA)
- NHA Medical Administrative Assistant
- NOCTI Administrative Assisting (Job Ready Assessment)
- NOCTI Administrative Services (Pathway Assessment)
- NOCTI Business Information Processing (Job Ready Assessment)
- NOCTI General Management (Pathway Assessment)

Why Choose CCSDynamic Learning?

Hassle-Free LMS Integration

All courses are compatible with most Learning Management Systems. If you don't have a Learning Management System, we can provide one.

Inclusive of all Learners

All courses meet Web Content Accessibility Guidelines 2.0 AA to support students that are deaf or hard of hearing, or blind or visually impaired.

Responsively Designed

Our courses work on all devices, including smartphones, laptops or desktops.

Easy Teacher Implementation

We provide free access to our support team for any questions that arise, easy-to-use teacher guides and materials, and professional development options to make the most of the curriculum.

Engaging & Friendly Interface

Each course offers a consistent, dependable, user-friendly design.

Course Code: EDL085

3D Modeling

Are you curious about working in fields like virtual reality, video game design, marketing, television and motion pictures, or digital imaging? This is a great place to start as it is the foundation for all these career paths. Explore graphic design and illustration as you use 3D animation software to create design projects while developing your drawing, photography, and 3D construction techniques. Let's get creating!

A

Course Code: EDL064

Advertising and Sales Promotion

Great marketing strategies can be powerful. Every year companies spend approximately \$200 billion promoting their products and services – and that's just in the United States alone! Explore how marketing campaigns, ads, and commercials are brought to life and meet some of the creative folks who produce them. Learn about different marketing career opportunities and discover ways to be part of this exciting, fast-paced industry.

Course Code: EDL075

African American History

Throughout U.S. history, how have African Americans helped shaped American culture? This course answers that question by tracing African Americans' accomplishments and obstacles, beginning with the slave trade on up to the modern Civil Rights movement. Learn about the political, economic, social, religious, and cultural factors that have influenced African American life, meet individuals who changed the course of history, and explore how the African American story still influences current events.

Course Code: EDL044

Agriscience 1: Introduction

Is it possible to make our food more nutritious? Examine how agriscientists are at the forefront of improving agriculture, food production, and the conservation of natural resources. Explore the innovative ways that science and technology are put to beneficial use in the field of agriculture. Additionally, explore controversies that surround agricultural practices as nations strive to provide their people with a more abundant and healthy food supply.

Course Code: EDL066

Agriscience 2: Sustaining Human Life

Science and technology are revolutionizing many areas of our lives – and agriculture is no exception! From aquaculture to genetic engineering, agriscience is finding new ways to better produce and manage plants, animals, and other natural resources. Let's delve deeper into important agri-areas such as soil science and weed management. And explore research on plant and animal diseases as well as the insects and other pests that can impact agricultural enterprises and natural resources.

Course Code: EDL249

Allied Health Assistant 1a

Are you passionate about helping people and making a difference in their lives? If you're planning on going into the health care field, then this course is for you! Explore your options by learning how to properly care for your patients and provide for the administrative needs of healthcare. Learn to prepare exam rooms, schedule, bill, and document all while solidifying your professional skills in communication, privacy, safety, and ethics.

Course Code: EDL250

Allied Health Assistant 1b

Allied health encompasses a broad range of different healthcare professionals who provide a range of skills in the fields of dentistry, pharmaceutical, medicine, nursing, nutrition, rehabilitation, and more. This course is the second course of the Allied Health concentrator sequence and gives you the needed skills to pursue any of these careers in allied health.

Course Code: EDL090

American Sign Language 1a: Introduction

Did you know that American Sign Language (ASL) is the third most commonly used language in North America? Learn introductory vocabulary and simple sentences so that you can start communicating right away. Importantly, explore Deaf culture – social beliefs, traditions, history, values, and communities influenced by deafness.

Course Code: EDL134

American Sign Language 1b: Learn to Sign

The predominant sign language of Deaf communities in the United States, American Sign Language, is complex and robust. Discover more of this language and its grammatical structures through expanding your vocabulary with acquiring hundreds of new signs. Additionally, explore interesting topics like Deaf education and Deaf arts and culture, and learn about careers where you can use your ASL skills.

Course Code: EDLI06

American Sign Language 2a: Communicating

It's time to move beyond introductory ASL signs and start forming more compelling signs for communication. Explore how expressions can enhance signs and lend dimension to conversations, while learning vocabulary for descriptions, directions, shopping, making purchases, and dealing with emergencies.

Course Code: EDLI49

Anatomy and Physiology 1b: Discovering Form and Function

Examine the form and function of even more body systems. Learn about the structure, function, and interrelation between the lymphatic, immune, respiratory, digestive, urinary, and endocrine systems. The reproductive system is also discussed along with hereditary traits and genetics. And discover the importance of accurate patient documentation as well as the technology used in the industry.

Course Code: EDLI35

American Sign Language 2b: Advancing Communication Skills

Ready to dive deeper into learning about the Deaf community, culture, and language? Learn about sequencing, transitions, role-shifts, and future tenses. Discover how to tell a story and ask questions, benefiting with greater exposure to deaf culture. Speed, conversations, signing skills, and cultural awareness are characteristics of this course.

Course Code: EDL351

Animation 1a: Introduction

Have you ever watched a cartoon or played a video game where the characters and animation captivated you enough to want to develop your own? If so, it's time to immerse yourself in the world of animation. Meet the industry players such as directors, animators, and 3D modelers. Develop your story by exploring the 12 principles of animation, creating a storyboard, and leveraging the tools of the trade. Let's bring your story and animation to life!

Course Code: EDL257

American Sign Language 3a: Community & Culture

As you dive into more advanced ASL signing, including unique grammar features and advanced classifiers and locatives, you'll learn, compose, and present your new-found vocabulary and narratives by immersing yourself in Deaf culture and community. From opinions, slang, and idioms, to using technology and media that offers authentic Deaf perspectives. Explore how travel, cultural differences, and geography affect sign language. And gain a better understanding of Deaf culture by learning important events and examining topics such as education, science, and literature.

Course Code: EDL352

Animation 1b: Animating Your Creativity

It's time to start animating like the pros! In this hands-on course, you'll immediately start exploring the software Blender, your gateway to 3D modeling, computer animation, and postproduction procedures used in the film industry. Discover 3D modeling and animation of characters. Explore the basics of human anatomy and form to apply rigging, joints, and texture. Examine rendering and lighting effects and how to apply sound. And discover careers so you can start using your new skills right away.

Course Code: EDL257

American Sign Language 3b: Conversations & Culture

Are you ready to discover ways in which Deaf culture influences the world in general? After all, the concept of culture goes far beyond an understanding of Deaf history. Through discussing Deaf culture and experiences, you'll advance your signing skills by developing verb tenses, grammar, and syntax. Apply your language skills in real conversation activities and through opportunities to debate real issues. It's also time to explore the next steps in education and career opportunities for your new intermediate ASL skills.

Course Code: EDL004

Anthropology 1: Uncovering Human Mysteries

What makes us human? Is it our ability to use language, tools, or technology? Trace the history of homo sapiens and explore our evolutionary trail through an anthropologic lens to observe our movement from cave dwellers to modern humans. Learn how we forged our way and developed all of the things that make us humans, such as our cultures, languages, and religions.

Course Code: EDLI48

Anatomy and Physiology 1a: Introduction

Whether you plan on pursuing a career in health sciences or simply looking to gain an understanding of how the human body works, you'll first need to understand the relationship between anatomy and physiology. Learn how to read your body's story through understanding cell structure and their processes, and discover the functions and purposes of the skeletal, muscular, nervous, and cardiovascular systems, as well as diseases that affect those systems.

Course Code: EDL019

Anthropology 2: More Human Mysteries Uncovered

How does your culture influence you? Many of our ancient cultures and languages were shaped by the geographical locations of our ancestors. And by examining their views on life, death, art, and survival, we begin to understand how ancient cultures flourished. In looking back and learning about cultures, we are better equipped to understand the world around us.

Course Code: EDL255

Applied Engineering 1a: Introduction

Discover how technology has changed the world around us by pursuing technological solutions to everyday problems. While using scientific and engineering methods, learn how electricity, electronic systems, magnets, and circuits work. Understand the design process and bring your ideas to life. Explore how engineering advances your ideas and the world!

Course Code: EDL256

Applied Engineering 1b: Solving Problems Together

Do you like to invent solutions to solve problems? Applied engineering has advanced areas such as energy, transportation, health and genetics, alternative energy, food packaging, etc. Explore various inventions and solutions that have solved problems across industries. Examine how artificial intelligence and technology are making an impact on breakthroughs. Evaluate the range of robotic and STEM-related career options available for you to make a difference in lives with your contributions and innovations.

Course Code: EDL021

Archaeology: Detectives of the Past

Imagine what it must feel like to uncover an artifact from the past! Archaeology helps us to better understand, through discovery and analysis, how ancient civilizations have shaped the modern world. Explore the techniques, methods, and theories Archaeologists use to conduct their studies to locate and unlock the secrets of a long and colorful past. Let's get exploring!

B

Course Code: EDL112

Biotechnology 1a: Introduction

Biotechnology is a cutting-edge, high-demand field that encompasses everything from plant and animal breeding to genetics. Discover how biotechnology has changed the world around us, from food to genetics. Explore historical applications with modern discoveries. Understand how regulations and ethics govern the course of biotechnology and learn of its importance to the field of medicine.

Course Code: EDL113

Biotechnology 1b: Unlocking Nature's Secrets

Dig deeper into the world of biotechnology! Learn how and why biotechnology is so important to the agricultural, pharmaceutical, and genetic fields of study. You'll learn about mapping the human genome, the role of antibiotics, how medicine is created to combat diseases, and the future of the biotechnology field. It's time to explore the depth and breadth of this fascinating field!

Course Code: EDL038

Art in World Cultures

Art tells a story. Go on a journey of when humans began creating art in prehistoric times to ancient Roman, early Christian, and Medieval periods. Explore the artistic characteristics of the Renaissance, Americas, Baroque, Romantic, and more. Learn the elements and design principles of art, and about some of the greatest artists in the world, while creating your own art, both on paper and digitally. It's time to tell your story through art.

Course Code: EDL132

Astronomy 1a: Introduction

Ever wondered how the Earth developed and exists in the vastness of space? How do the scientific laws of motion and gravity play a role in its existence? Discover answers to these questions and explore the origin of the universe, the Milky Way, and other galaxies and stars, including the concepts of modern astronomy and the methods used by astronomers to learn more about the universe.

Course Code: EDL133

Astronomy 1b: Exploring the Universe

Ready to explore our amazing and dynamic universe even further? You'll be taken on an exciting journey through the solar system to explore the sun, comets, asteroids, meteors, life cycles of stars, and planets' properties. Become familiar with the concepts of space travel and settlements, and what it could be like to live and work in space. How exciting!

Course Code: EDL271

Business Communications 1a: Introduction

No matter what career you're planning to pursue, excellent professional communication will be key to your success. Upgrade your abilities in speaking, listening, writing, using and reading body language, and communicating in teams and groups. Discover how to plan, create, and deliver business presentations and communicate through graphics. In no time, you'll be communicating with confidence, stand out from your peers, and impress your employer.

Course Code: EDL272

Business Communications 1b: Listen, Speak, & Write in the Workplace

In this course, you're going to take the basic writing skills you've developed and revise them so you can take new approaches to planning, building, and distributing documents for a business audience. You'll continue to explore the essentials of writing while drafting new understandings of business documents, and then you'll learn to apply your business communication skills to job applications, interviews, and presentations. No matter your career of choice, learning to effectively communicate will help your professionalism grow leaps and bounds. Let's get writing!

Course Code: EDL215

Business Information Management 1a: Introduction

Do you dream of owning your own business someday, or working for a company in a leadership position? Wherever your path may lead you, having the essential knowledge of business types, requirements to start a business, understanding of finances, business law, marketing, sales, customer service, and more, will ensure you're on the path to success. Let's explore your passion for business in this course!

Course Code: EDL216

Business Information Management 1b: Data Essentials

Now that you have the basics of business down from the previous course, it's time to become better acquainted with the application of information management in business. Learn about professional conduct, teamwork, and managerial skills, while also examining careers in business technology. The basics of word processing, spreadsheets, databases, and presentation software are also explored so that you become better prepared for jobs in this field.

Course Code: EDL273

Business Law 1a: Introduction

Whether you plan on starting your own business or being in charge of one, it is crucial you understand how to keep the company compliant. Explore what it means to run an ethical business, how to keep intellectual property, technology, and e-commerce safe and protected, understand insurance and taxes, and how to have a healthy workplace environment. Keep the business safe and growing by following the law.

C

Course Code: EDL347

Careers in Criminal Justice 1a: Introduction

Have you ever wondered what steps take place as people move through the court system? The criminal justice system is a very complex field that requires dedicated people willing to pursue equal justice for all. Explore different career choices and how the juvenile justice system, the correctional system, and the trial process all work together to maintain social order.

Course Code: EDL348

Careers in Criminal Justice 1b: Finding Your Speciality in Criminal Justice

Have you ever thought about a career as a police officer, an FBI or DEA agent, or any occupation that seeks to pursue justice for all? Careers in criminal justice can be found at local, county, state, and federal levels, and even in the private sector. Explore some of the various occupations in this field, while simultaneously learning how they interact with each other and other first responders. Discover various interviewing techniques to uncover the truth. Understand the importance of making ethical decisions, and how you need to keep your sense of right and wrong in check to be successful in this field

Course Code: EDL274

Business Law 1b: Legal Aspects of Business

Whether you plan to start your own business, work for an organization, or go into law, it's essential to understand more complex legal requirements that impact business operations and decisions. This is especially true as companies grow and expand domestically and internationally. Explore the differences between criminal and civil law. Examine how state and federal regulations work to protect consumer and employees' rights, protect society and the environment, and understand how business contracts can work to protect everyone.

Course Code: EDL281

Business Ownership 1a: Introduction

Do you dream of a future where you can have creative freedom, working in an industry you love, where you can get up every morning excited about the day will bring? In this course, you'll learn the skills you'll need in order to take your dream and transform it into a successful business. You'll explore foundations like generating ideas to qualifying opportunities, analyzing the market, and identifying skills for successful deployment. You'll learn to keep your business rolling and growing through effective workplace leadership and training while incorporating technological innovations to keep your business competitive. Are you ready to turn your dreams into reality? Let's get goaling!

Course Code: EDL087

Coding 1a: Introduction to Programming

Have you ever wanted to create your own web page or wondered how your favorite websites were built? Explore the role technology plays in our lives as well as study the fundamentals of computer science, review hardware and software, and learn how the internet functions. Discover how to create and build your own website using HTML and CSS, and learn the basics of JavaScript and Python Programming. This course also covers data collection methods, access rights, protocols, and security.

Course Code: EDL105

Coding 1b: Programming

Let's continue to cultivate an understanding of programming languages and expand on website development. You will learn the difference between web development and web application development as well as further explore Advanced Python, HTML, and JavaScript. You will also examine software engineering concepts, learn more about security, privacy, and ethics in technology, and explore the wide variety of careers in computing.

Course Code: EDL067

Learn how the momentum of science is continually propelling engineers in new directions towards a future full of insight and opportunity. Explore the different branches of engineering and how problem-solving, sketching, collaboration, and experimentation can change the very fiber of our human lives. By examining astounding engineering feats and complex ongoing issues, you'll begin to question whether the word impossible really exists.

Course Code: EDL072

Literature is an important form of art that allows us to give voice to our emotions, create imaginary worlds, express ideas, and escape the confines of reality. Explore the writing process and find inspiration to build a story of your own, and learn literary techniques to create hybrid forms of poetry and prose. Let's turn your creative thoughts and ideas into pieces of creative writing.

Course Code: EDL046

We all want to look our best, but did you know there is actually a science behind cutting your hair and painting your nails? Just like all careers, cosmetology requires certain skills and characteristics. You will learn about various beauty regimes related to hair, nails, skin, and spa treatments, and discover how to create your own business model quickly and efficiently while still looking fabulous, of course!

Course Code: EDL072

Writing can change the world. Think about the Declaration of Independence, the Bill of Rights, and Lincoln's 2nd Inaugural Address. How have these writings shaped our country and the future? While you learn how to unleash the core of your imagination to develop your own creative writing, you'll also explore creative writing through foundational literary works from the 18th to 20th century of Colonialism to American Gothic to Modernism, and everything in between, while evaluating original writings and their interpretations.

Course Code: EDL100

This vibrant industry needs skilled and personable professionals well-versed in the latest trends and technological advances. Explore what the day-to-day life of a cosmetologist is like, and discover that cosmetology is much more than knowing and applying techniques. Learn skin care and facials, how to give manicures and pedicures, how to apply artificial nails, and gain an understanding of different hair removal techniques. Discover the next steps towards launching a rewarding and creative career in cosmetology.

Course Code: EDL008

Why do certain people commit horrible acts? Can we ever begin to understand their reasoning and motivation? Perhaps. The mental state of a criminal can be affected by many different aspects of life: psychological, biological, sociological, all of which have different perspectives and influences. Investigate not only how these variables affect the criminal mind but also how crimes are investigated and handled in the criminal justice system.

Course Code: EDL108

Cosmetology is a specialized field with a high skill set. Examine the complexities of cosmetology by learning to perform a hair, scalp, and skin analysis. You'll learn about hair types, face shapes, and color theory. And, to effectively prepare you for a career in cosmetology, color techniques with an emphasis on salon and chemical safety is examined.

Course Code: EDL235

Thinking of a career in the foodservice industry or looking to develop your culinary skills? Explore basic cooking and knife skills while preparing for entry into the culinary world. Discover the history of food culture, food service, and global cuisines while learning about food science principles and preservation. Prepare for your future by building the professional, communication, leadership, and teamwork skills that are crucial to a career in the culinary arts.

Course Code: EDL156

Let's delve into the realm of hairstyling and cutting techniques! Explore a variety of wigs, extensions, and hairpieces, while also developing knowledge about shampooing and conditioning. Discover manual curling and the use of chemicals to curl and straighten hair, as well as safety when working with chemicals. Expect to be well versed with a plethora of hair skills upon completion.

Course Code: EDL236

Did you know that baking is considered a science? Discover how to elevate your culinary skills through the creation of stocks, soups, sauces, and learn baking techniques. Examine sustainable food practices and the benefits of nutrition while maintaining taste, plating, and presentation to truly wow your guests. Explore careers in the culinary arts for ways to channel your newfound passion!

Course Code: EDL096

Whether you aspire to be a world-class chef or just want to learn the skills needed to create your own dishes, you'll build a strong foundation and grow your knowledge of this exciting industry. Explore baking and desserts, learn how to prepare proteins, and study nutrition and safety in the kitchen. Enhance your understanding of sustainability in the food industry, learn to prepare meals from a global perspective, and dissect the business of cooking, from managing a kitchen to successfully running a catering company.

Course Code: EDL098

We depend more on the technologies we interact with every day; and we put more and more of our personal data out there online. Can all of that data really be kept "secret"? Learn about the various parts of your computer, how they work together, and how you can manipulate them to keep your data safe. Dive into the tools, technologies, and methods that will help protect you from an attack and discover the many opportunities in the rapidly growing field of cybersecurity.

Course Code: EDL099

Cybersecurity 1b: Defense Against Cyber Threats

Unmask the cybersecurity threats around you by understanding hackers and identifying weaknesses in your online behavior. Learn to avoid the various types of cyberattacks, including those to your social media accounts, and to predict the potential legal consequences of sharing or accessing information that you do not have rights to. Dig into these crimes in depth by taking a look at cyber forensics and other cybersecurity careers. Cybersecurity will play an increasingly larger role in our personal and professional lives in the years to come.

Cybersecurity 1a: Foundations

Are you a compassionate person who genuinely cares about helping others be healthy? Learn how becoming a Dental Assistant can offer you a rewarding career as well as job security. Start with learning the different roles within a dentist's office,

Course Code: EDL253

organizations to get involved with, and basic head, neck, and dental anatomy. Learn what it takes to embark on a career sure to provide personal and professional fulfillment.

Dental Assistant 1a: Introduction

Are you a compassionate person who genuinely cares about helping others be healthy? Learn how becoming a Dental Assistant can offer you a rewarding career as well as job security. Start with learning the different roles within a dentist's office,

Course Code: EDL254

You have scraped the surface of how rewarding assistant dentistry can be, and now it's time to drill deeper into the inner-workings of the role. In Dental Assistant 1b: Principles of Clinical Dentistry, you'll learn about the daily duties of a dental assistant including the structure of an office visit, managing patient records, and administrative aspects of the role. You'll also explore how patient health can impact oral health, how to prepare for and perform a patient visit, and how to succeed in a team environment. Let's continue polishing those skills to become a dental assistant today! (Back to School 2021)

Dental Assistant 1b: Principles of Clinical Dentistry

Digital Media Fundamentals 1b: Producing for the Web

Let's polish your digital media skills and help you learn all about web design. Incorporate your creative ideas into websites and discover the basics of marketing to understand how your work can be used effectively. You'll also explore the world of podcasts and audio editing to construct a solid foundation from which you can pursue a career in this exciting field.

Course Code: EDL320

Digital Media Web Design 2a: Build a Portfolio Website

Did you know that you are consuming digital media every time you open an app or use your computer or tablet? Digital media may be a webpage, video, image, podcast, form, or more. Explore how you can develop webpages that embed different media and interactivity for excellent user experience through programming languages such as HTML and CSS. Examine trends and opportunities, education requirements, student organizations, and industry certification options. It's your turn to start designing websites and experiences for digital media consumers.

Course Code: EDL321

Digital Media Web Design 2b: Build an eCommerce Website

Think of the best online stores you've visited. What do you think makes them unique? How do they keep buyers engaged and purchasing? Before you can design a great eCommerce store, it's essential to understand how one works. Learn the trends, design principles, and security strategies. Explore what it means to adhere to ethical and legal requirements and complying with industry standards and accessibility. It's time to start designing the next best eCommerce site!

Course Code: EDL237

Discover your talent for building digital media applications using text, graphics, animations, sounds, videos, and more! Learn about the elements that make impressive media, such as typography, color theory, design, and manipulation. Explore careers to apply your digital media skills and find your place in this fast-paced and exciting field!

Digital Media Fundamentals 1a: Introduction

Discover your talent for building digital media applications using text, graphics, animations, sounds, videos, and more! Learn about the elements that make impressive media, such as typography, color theory,

Course Code: EDL233

Digital Photography 1a: Introduction

Have you wondered how professional photographers manage to capture that perfect image? Gain a better understanding of photography by exploring camera functions and the elements of composition while putting theory into practice by taking your own spectacular shots! Learn how to display your work for exhibitions and develop skills important for a career as a photographer.

Course Code: EDL234

Digital Photography 1b: Creating Images with Impact!

Let's further develop your photography skills by learning more professional tips, tricks, and techniques to elevate your images. Explore various photographic styles, themes, genres, and artistic approaches. Learn more about photojournalism and how to bring your photos to life, and using this knowledge, build a portfolio of your work to pursue a career in this field!

Course Code: EDL017

Digital Photography 2: Discovering Your Creative Potential

We are surrounded by images; in advertisements, on websites, in magazines, and on billboards. Learn how to effectively critique photographs so you can better understand composition and go on to create more eye-catching photographs on your own. Examine various aspects of the photography field including specialty areas, ethics, and famous photographers throughout history.

E

Course Code: EDL118

Early Childhood Education 1a: Introduction

Are you curious to see what it takes to educate and nurture early learners? Use your curiosity to explore the fundamentals of childcare, like nutrition and safety, but also the complex relationships caregivers have with parents and their children. Examine the various life stages of child development and the best educational practices to enrich their minds while thinking about a possible future as a childcare provider!

Course Code: EDL119

Early Childhood Education 1b: Developing Early Learners

Discover the joys of providing exceptional childcare and helping to develop future generations. Learn the importance of play and use it to build engaging educational activities that build literacy and math skills through each stage of childhood and special need. Use this knowledge to develop your professional skills well suited to a career in childcare.

Course Code: EDL265

EKG Technician 1a: Introduction

Our hearts are essential to our survival. And EKG technicians play an important role in administering tests and evaluating data given by the electrocardiogram (EKG) to treat patients effectively. Explore the cardiovascular system and its anatomy, and its role in our body, health, and lives. If you're a people person and want to work in healthcare, build the knowledge and skill base to prepare you for a cardiovascular career.

Course Code: EDL266

EKG Technician 1b: Analysis and Response

Does the thought of becoming an EKG Technician still make your heart skip a beat? Continue your journey through the peaks and valleys of EKG waves and really dig into the details of the cardiac code to fulfill your ultimate goal: saving lives! This course will prepare you to interpret different EKG waves, how to spot wave abnormalities, how to differentiate between different disorders, and how to treat those disorders. Let's get ready to continue your adventure into the world of cardiology and a possible career as a EKG Technician

Course Code: EDL300

Emergency Medical Responder 1a: Introduction

Have you ever wondered what happens after making a 911 call? Get a realistic look into the day-to-day, fast-paced life of an EMR and how their roles and responsibilities fit into the larger picture with Emergency Medical Services. Discover how to conduct a patient assessment when you arrive on a scene and assess and treat various medical emergencies. If you've ever dreamt of being on the front lines, providing quality care to save someone's life, then explore the exciting career as an Emergency Medical Responder.

Course Code: EDL301

Emergency Medical Responder 1b: Prepared for Action

Being an emergency medical responder is dynamic and challenging. EMRs are first responders who are prepared for action! Explore how to care for diverse patients and in unique and even difficult situations. From advanced trauma to childbirth, from mass casualties to special conditions. EMRs are trained to care for, treat, move, and transport patients in various situations and play a vital role as part of an EMS response team.

Course Code: EDL261

Entrepreneurship 1a: Introduction

Starting a business is more than just having a good idea. Successful entrepreneurs know how to use and apply fundamental business concepts to turn their ideas into thriving businesses. Explore topics such as identifying the best business structure, business functions and operations, finance, business laws, regulations, and more! If you have ever dreamed of making a business idea a reality, take the time to establish a solid foundation of business skills to make your business dreams come true!

Course Code: EDL262

Entrepreneurship 1b: Make Your Idea a Reality

You have the business idea; now it's time to go from dream to reality. Throughout this course, you'll explore different topics representing the major parts of a business plan, such as risk, hiring, pricing, marketing, and more. By completing activities, you'll create a viable document you can use to help you start your business by the end of the course. Let's bring your dream to life!

F

Course Code: EDL349

Fashion Design

Are you a fashion trend follower? Are you drawn to how designers have pulled together fabrics and colors to create memorable pieces? Do you dream of designing your own line of clothing or accessories? Learn what it takes to get started in the fashion industry, from the careers available to new technology and trends that are reshaping the industry every day. Start creating!

Course Code: EDL131

Forensics: The Science of Crime

Fingerprints. Blood spatter. DNA analysis. Law enforcement is increasingly making use of the techniques and knowledge from the sciences to better understand the crimes that are committed and to catch those individuals responsible for the crimes. Explore techniques and practices used by forensic scientists during a crime scene investigation (CSI). Starting with how clues and data are recorded and preserved, you'll follow evidence trails until the CSI goes to trial in the criminal justice system, examining how various elements of the crime scene are analyzed and processed.

Course Code: EDL011

Forensic Science 1: Secrets of the Dead

Fingerprints. Blood spatters. Gunshot residue. If these things intrigue you rather than scare you, then forensic science may be for you. Explore the riveting job of crime scene analysis, and learn the techniques and practices applied during a crime scene investigation, including how clues and data are recorded and preserved. Discover how technology is applied to make discoveries and bring criminals to justice.

Course Code: EDL022

Forensic Science 2: More Secrets of the Dead

The best way to battle crime these days is not with a weapon, but with science. Dig deeper into the science of forensics and the basic scientific principles used in the lab, such as toxicology, material analysis, microscopy, and forensic anthropology. Find out how scientists use everything from insects to bones to help them solve crimes. And discover how advanced techniques and technology can lead to catching even the craftiest criminal.

Course Code: EDL069

Forestry and Natural Resources

Thriving forests are an essential part of the health of the planet, from our wildlife's ecosystem to providing humans with clean air to lumber and paper products. But forests cannot protect themselves and depend greatly on humans for conservation. Learn more about this meaningful relationship and how environmental policy, land use, water resources, and wildlife management all factor into current forestry issues. Forestry offers diverse professional opportunities, and for those concerned about the environment, it is a great choice.

Health & Physical Education 1a: Introduction

Your health is more than skin deep- or should we say muscle deep? There are many factors that influence your fitness from biological predispositions to the foods you eat, the sleep you get, your psychology, and

more! This course will go beyond the superficial of fitness and dig into the science behind it. You will explore the basics of how to assess your baseline fitness, design and implement a fitness plan, fuel your body to achieve your fitness goals, and stay safe while improving your health. Physical fitness is a journey, not a destination: start your expedition now!

Course Code: EDL358

Health & Physical Education 1b: Invest in Your Health

You've already HIIT the mat and warmed up your understanding of health and fitness, but now we're going to stretch you're understanding and feed your healthy habits. In this course, you will learn about

the four domains of health- physical, mental, emotional, social- and their interconnection, how to set goals for healthy living, and how relationships and choices can impact your health. You'll also explore different entities and influences and their role in your daily health as well as how to build healthy communities to help you thrive. Let's continue building the foundation for well-rounded, healthy living so you can flourish: mind, body, and spirit!

Course Code: EDL063

Health I: Life Management Skills

What does it mean to be healthy? In the simplest terms, it means taking care of our body and mind. Explore the connections between your physical, mental, and social health. Learn how to promote better health by decreasing stress and finding a fuller vision for your life through lifestyle choices, interactions with others, health care, and making sensible dietary choices. Build your plan to ensure your overall health, happiness, and well-being!

Course Code: EDL029

Health Science I: The Whole Individual

Finding effective solutions to different health problems is one of our greatest challenges. How close are we to finding a cure for cancer? What's the best way to treat diabetes and asthma? You'll be introduced to disciplines such as toxicology, clinical medicine, and biotechnology. Understanding the value of diagnostics and research can lead to better identification and treatment of many diseases, and by learning all the pertinent information and terminology you can discover how this amazing field will contribute to the betterment of human life in our future.

Course Code: EDL054

Health Science 2: Patient Care and Medical Services

Explore the roles healthcare professionals play in treating patients. Promoting wellness, communicating with patients, and understanding safety in the workplace are just a few of the essential skills you will learn, all the while becoming familiar with some of the more prominent areas in the field, such as emergency care, nursing, infection control, and pediatrics. You'll learn about some of the inherent challenges faced by this age-old profession and how you can become a significant part of the solution.

Course Code: EDL152

Health Science Foundations 1a: Introduction

Health science careers are not only in high demand, but they offer a diverse range of careers for all types of people interested in helping others. Acquire foundational knowledge required to pursue a career in the healthcare industry, and the education, training, and credentials needed to attain them. Learn basic medical terminology, principles of anatomy and physiology, and legal and ethical responsibilities. Explore communication, teamwork, and leadership techniques – providing a solid basis for those wanting to advance through the health sciences.

Course Code: EDL153

Health Science Foundations 1b: Professional Responsibilities

Making sure that you, your patients, and your colleagues stay safe, you'll begin analyzing your responsibilities for ensuring patient and personal safety with special attention paid to emergency procedures. Examine infection control, first-aid, CPR, and measuring a patient's vitals. Learn about numerical data, such as systems of measurement, medical math, and reading and interpreting charts. And examine effective teamwork and leadership characteristics while building your employment skills.

Course Code: EDL091

Health Science: Public Health

What is public health? Who decides which diseases get funding and which do not? What are the reasons for health inequality? Study both infectious and non-communicable diseases as well as learn how we conquer these on a community and global level through various methods, including proper hygiene, sanitation, and nutrition. Explore the role of worldwide current and future technologies and the ethics and governance of health on a global scale, and discover unique career opportunities you can pursue to make a difference.

Course Code: EDL092

Health Science: Nursing

The demand for nurses has never been higher! Learn what it takes to become a nurse, pursue a career, and understand the practice of nursing and the healthcare system. With a strong focus on patient care, you'll explore safety, communication and ethics, relationship building, and how to develop wellness strategies for your patients. From emergency to rehabilitative care, to advances and challenges in the healthcare industry, discover how you can launch a fulfilling career providing care to others.

Course Code: EDL036

History of the Holocaust

"For the dead and the living, we must bear witness." Discover the harrowing details of the history of the rise of anti-Semitism that contributed to the start of the Holocaust and the power of the Nazi party. Learn of the persecution of European Jews and other groups, and the tremendous aftermath for everyone involved in World War II and what has been done since to combat genocide.

Course Code: EDL027

Hospitality and Tourism 1: Traveling the Globe

Where is your dream travel destination? Now imagine working there! You'll be introduced to a thriving industry that caters to the needs of travelers through managing hotels, restaurants, cruise ships, resorts, theme parks, and any other kind of hospitality you can imagine. Operating busy tourist locations, creating marketing around leisure and travel, spotting trends, and planning events are just a few of the key aspects you will explore within this exciting field.

Course Code: EDL088

Hospitality and Tourism 2a: Hotel and Restaurant Management

Are you a people person? Then hospitality may be the field for you! Learn about what makes the hotel and restaurant industries unique. Learn about large and small restaurants, boutique and resort hotels, and their day-to-day operations. Evaluate the environment for these businesses by examining their customers and their competition. Nutrition and Wellness

Keeping our physical body healthy and happy is just one of the many challenges we face, and yet, many of us don't know how to achieve it best. In this course, you'll explore positive decisions around diet and food preparation to pursue a healthy, informed lifestyle. Making sure you know how to locate, buy, and prepare fresh, delicious food will make you and your body feel amazing.

Course Code: EDL245

Nursing Assistant 1a: Introduction

If you ever wanted a career that is centered around the care of others and that directly impacts the most vulnerable populations, then it's time to explore what it means to be a Nursing Assistant. This role can be the first step on your nursing career ladder or into other healthcare positions. Learn career options, ethical and legal responsibilities, anatomy and physiology, patient care, and safety. Discover what it takes to start your journey into this highly needed field.

Course Code: EDL246

Nursing Assistant 1b: Patient Care

As a Nursing Assistant, you are heavily involved in the care of your patients. But what does a typical day look like? How do you care for your patients during your shift? From hospital settings to home health care, from pre- and postoperative to rehabilitation.

Discover how best to communicate and work with your team to ensure a safe environment, prevent and control infectious diseases, advocate for your patient's rights, and provide appropriate care - even for the most complex patient needs.

Course Code: EDL247

Office Administration 1a: Introduction

Businesses worldwide and across every industry are always on the lookout for highly skilled administrative professionals to help their business be successful and thrive. Explore what it means to have effective verbal and written communication, speaking, and listening skills to work with diverse people and teams. Then dive into learning how to leverage various technology and software businesses use to stay connected and productive.

Course Code: EDL248

Office Administration 1b: Running the Office

You have learned some of the skills that an administrative professional must possess, but now it's time to take those skills to the next level! You will explore the responsibilities of an administrative professional to understand

what a typical workday looks like and even what goes into searching for an administrative professional role: searching, applying, and (the most exciting part!) securing. Do you love the idea of being the glue in a successful business, helping everything run smoothly and properly? Then let's continue your journey into the career of an administrative professional!

Course Code: EDL332

Operational Cybersecurity 1a: Introduction

Even when we use the strongest bricks, Firewalls can be breached and other security measures can be exploited by malicious cyberattackers. In this course, you will assume your role as Chief Information Security Officer (CICO) responsible for a data network's design, maintenance, and end-user training. You will explore essentials of keeping networks safe and secure through the use of cryptology, keys, and certificates before moving into the important practice of risk assessment. In the end, your attention will shift to mitigating and managing identified risks and working with key stakeholders to improve the organization's security posture and disaster response. Are you ready to help businesses protect personal information and outsmart cyber attackers? Grab your white hat, BYOD, and let's get started!

Course Code: EDL043

Peer Counseling

Are you a great listener and love to help people achieve their goals? The role of a peer counselor is a rewarding one. Learn the skills of observation, listening, and emphatic communication that counselors need, while also discovering basic training in conflict

resolution and group leadership. You'll learn how to be a great peer counselor, but also how to communicate effectively in personal and work relationships.

Course Code: EDL001

Personal Psychology I: The Road to Self-Discovery

Have you ever wondered why you do the things you do? Or how our behavior changes as we age? Psychology can give you the answers! Trace the development of personality and behavior from infancy through adulthood. Are you ready to explore the world of human behavior? Explore all that psychology can offer to help you to truly understand the human experience.

Course Code: EDL018

Personal and Family Finance

We all know money is essential in life, and the financial decisions you make today may have a lasting effect on your future. Explore how to spend and save your money wisely, and learn key financial concepts around taxes, credit, and money management. Discover how education, career choices, and financial planning can lead you in the right direction to making your life simpler, steadier, and more enjoyable.

Course Code: EDL005

Personal Psychology 2: Living in a Complex World

Why do you sometimes remember complex things but forget all of a sudden where you left your shoes? Why is your personality similar or different from your siblings? Why do some things motivate you more than others?

Discover how you learn and remember, the impact of stress on your emotions and mental health, and what influences your personality and emotions. Basically, let's explore what makes you 'you'!

Course Code: EDL076

Personal Fitness

What does being fit really mean? It's not only about losing weight. Being fit is about living life to the fullest and making the most of what you have yourself! You'll learn about body functions, safety, diet, goals, and strategies for longevity. Explore the world of healthy living and see how real fitness can be achieved through intention, effort, and just the right amount of knowledge.

Course Code: EDL302

Pharmacology 1a: Introduction

If you ever thought about pursuing a gratifying career in biomedical sciences, pharmacology is a must. Pharmacology is the fascinating study of the chemistry, origins, and types of medications. Whether you plan on going into medicine, nursing, dentistry, veterinary medicine, or pharmacy, you'll need to learn the effects of medicines on different biological systems, appropriate dosages, and how the body responds to different medications.

Course Code: EDL009

Have you ever thought about 'deep' questions like "Who am I?" "What do I really know about the world?" If so, you're not alone. Philosophers are some of the most brilliant and influential thinkers, some of whom have influenced many of our fundamental ideas in Western civilization, such as government, law, and society. Learn about famous philosophers and explore some of the same questions these great thinkers pondered.

Philosophy: The Big Picture

Course Code: EDL151

Take the IT knowledge you have to a more advanced level. Starting with an overview of programming, algorithms, and compilers, you'll then learn the basics of web page design and creating graphics. Explore security and cybercrime, emerging technologies, presentation software, and intellectual property laws. Finally, you will prepare for the future by discovering various careers in this field and planning your education!

Principles of Information Technology 1b: Working with Computers

Course Code: EDL070

Did you know that the world's population could be 11 billion people by 2050? With a growing population, how do we keep everyone fed? This is where the importance of agriculture, food, and natural resources comes in! Gain a stronger sense of how we can maximize the foods and natural resources the earth provides. Learn more about agriculture's history, animal husbandry, plant science, and natural resources, and you'll be better prepared for your part in sustaining the world.

Principles of Agriculture, Food and Natural Resources

Course Code: EDL058

Public service is a field that focuses on building a safe and healthy world, and you'll explore the many different career choices that are imperative to our comfort and success as a society. The protection of society is not only one of our greatest challenges, but it also provides ways for people to work together to ensure safety and provide indispensable services. If you have ever contemplated being one of these real-life heroes, now is the time to learn more!

Principles of Public Service: To Serve & Protect

Course Code: EDL223

Discover the fundamental knowledge that will help you pursue a career in business, as well as always generating interest and buzz around the products and services offered. Explore different types of businesses and ownership forms, the impact of governments on business, and the marketing of goods and services. Principles of Business, Marketing, and Finance 1a: Introduction

Course Code: EDL322

Congratulations; you're speaking a different language! A programming language that is. But do you want to learn more? Discover the most popular programming languages and what they have to offer the software world. Explore data, algorithms, and objectives and how they are essential to language 'speak'. You'll explore the software development life cycle and how it can be implemented so you can create projects, such as a prototype for an app you'll code and a working to-do list website.

Programming 2a: Procedural Programming

Course Code: EDL224

Take your knowledge of business basics, finance, and marketing to the next level. Learn how to create a marketing strategy that promotes and attracts customers in order to sell a product or service. Explore important basics of business finance, including accounting, budgeting, and investing. And learn what careers are available in business and the important employability skills you'll need to ace the interview and land the job!

Principles of Business, Marketing, and Finance 1b: Targeting Your Business Insight

Course Code: EDL323

Get ready to take your programming abilities to the next level in Programming 2b! You'll start by developing a simple web page using HTML, CSS, and JavaScript and then you'll practice your Python skills, making your own photo editor and sound player! Using API, you'll practice adding a weather widget to a website and you'll ensure page safety using encryption techniques through Python. You'll test, you'll inspect, you'll collaborate, and for your finale, you'll craft a graphical user interface for an app using Python's Tkinter! Let's get ready to program!

Programming 2b: Creative Programming

Course Code: EDL150

Ready to develop your understanding and proficiency in computers? Explore a range of concepts to gain the foundational knowledge you'll need to start exploring careers in this field to find out which ones suit your interests and abilities. Learn about computer hardware and maintenance to data management and storage options to network systems, administration, and troubleshooting. Then dive into word processing, spreadsheets, and databases to cement your knowledge of information technology!

Principles of Information Technology 1a: Introduction

Course Code: EDL128

Public Speaking 1a: Introduction

Do you strive to gain more confidence when speaking in front of people? Learn techniques from famous speakers throughout history while learning what it takes to make a great speech. Develop skills that will serve you well throughout your career and personal life.

Course Code: EDL129

Public Speaking 1b: Finding Your Voice

Bring your speeches to life by learning about body language, vocal, and other techniques. Learn about logic and reason while gaining the confidence to help create and deliver great presentations and speeches. You will also critically examine your speeches and presentations and those of others to improve upon your in-person and virtual presentation skills.

R

Course Code: EDL107

Reading and Writing for Purpose

As you move through high school to college or to your career, the types of writing and documents become more high stakes. Real-world information can be journalistic and researched-based articles, legal, insurance, college entrance forms, employment, vehicle-related documents, and more. Learn how to critically read, write, and evaluate real-world writings to set you up for your future success.

Course Code: EDL016

Real World Parenting

Do you love children? Maybe you plan on babysitting or having your own someday. Learn how being a parent is much more than merely feeding, bathing, and protecting a child. Creating a positive environment, nurturing, fostering education, and serving as a role model are critical aspects. Learn how to be a positive force in the development of your future children, as well as others around you.

Course Code: EDL071

Renewable Technologies

Renewable Technologies are becoming increasingly important as concerns about climate change, the use of fossil fuels, and population growth become foremost in the public eye. So, how do we address the world's growing concerns about energy sources? Uncover the development of new energy technologies and explore how recent approaches to renewable technologies unlock the solution needed for a safer, cleaner, and more enduring world.

S

Course Code: EDL059

Social Media: Our Connected World

Do you have any social media accounts? Learn the ins and outs of such social media platforms as Facebook, Twitter, Pinterest, Google+, and more and how to use them for your benefit personally, academically, and, eventually, professionally. If you thought social media platforms were just a place to keep track of friends and share personal photos, this course will show you how to use these resources in much more powerful ways.

Course Code: EDL326

Robotics 1a: Introduction

Are you fascinated with how machines work? Robots are machines, and they are all around us, from helping doctors in surgeries to helping to keep our homes clean. Explore the physics, mechanics, motion, and the engineering design and construction aspects used to develop robots. Learn how models are created through both sketches and software. Discover STEM careers and the education needed to enter this high-demand field.

Course Code: EDL061

Restaurant Management

Have you ever dreamed of running your own restaurant? Explore exactly what's needed to run a successful restaurant, including ordering supplies, hiring quality workers, maintaining inventory, and managing a large staff. Understanding such concepts as food safety, hygiene, customer relations, marketing, and using a point-of-sale system are crucial to being an effective restaurateur. Whether you are hoping to operate a casual sit-down eatery, oversee a fine dining establishment, or buy a food franchise, this course is the perfect first step.

Course Code: EDL002

Social Problems 1: A World in Crisis

War, crime, poverty, global warming, healthcare, effects of media, and more. Explore some of the biggest challenges facing our world today and what led to these social problems. What effects do they have on our lives and societies? What possible solutions exist for solving them? Discover what measures you can take to tackle these issues head-on and start to develop your plan of action.

Course Code: EDL010

Social Problems 2: Crisis, Conflicts, and Challenges

Sometimes our world is filled with problems. Explore more of the challenges we face as individuals and as a global society and learn what we can do to reduce the effects of these conflicts and problems. From drug abuse to terrorists to homelessness and obesity, we can better face and solve these problems when we have a deeper understanding of their causes and influences on our lives.

Course Code: EDL034

Sports & Entertainment Marketing

The world of sports and entertainment is never boring. This field offers careers that combine entertainment with traditional marketing, but with a whole lot more glamour. Explore basic marketing principles while delving deeper into the multi-billion dollar sports and entertainment industry. Learn how professional athletes, sports teams, and famous entertainers are marketed as commodities and how the savvy people who handle these deals can become very successful.

Course Code: EDL006

Sociology I: The Study of Human Relationships

Human beings are complex creatures, and when we interact and begin to form relationships and societies, things become even more complicated. Are we more likely to act differently in a group than we will when we're alone? How do we learn how to be "human"? Examine answers to these questions and many more as you explore culture, group behavior, and societal institutions and how they affect human behavior.

Course Code: EDL304

Sports Medicine 1a: Introduction

What do you think of when you hear the phrase "sports medicine professional"? Believe it or not, the term encompasses a much larger range of career options than jobs typically associated with this field. Explore some of the most popular career pathways, day-to-day responsibilities, emergency care for athletes, and legal obligations. Discover what nutrition, healthy lifestyle, and fitness truly mean, and dive into anatomy, human biomechanics, and exercise modalities. Learn how to get started in this exciting field.

Course Code: EDL007

Sociology II: Your Social Life

Have you ever looked at your social media feed and wondered why there is always so much fighting over social issues? Discover how social institutions like families, religion, government, and education shape our world and how collective behavior and social movements can create change. Investigate how our lives are shaped by entertainment, social institutions, and social change.

Course Code: EDL305

Workplace & Internship Readiness: Preparing for Work & Life

Starting your first "real" job can be intimidating. But when you know what to expect and learn how to be successful, you'll feel confident about the hiring process and prepared to put yourself out there!

Discover how to build a well-rounded set of employability and personal leadership skills that allow you to guide your own career. Learn how to communicate with others, take initiative, set goals, problem-solve, research different career options, and envision your own personal career path. Get ready to create a powerful launching pad that will help you blast off into a great first job experience!

Comprehensive Curriculum

Our courses allow students to find their passion, hone their skills, engage socially and intellectually, and achieve academic excellence.

Personal Curriculum Narratives

Engaging curriculum narratives employ backwards design methodology to support best practices on how today's students learn.

Balanced Reading Level

Courses consist of an interesting and balanced reading level. Bold text helps students identify main ideas, keywords, and concepts.

Reflective Discussion Assignments

High-interest discussion questions encourage students to reflect, collaborate, and share learning experiences.

Interactive Features

Flashcards, slideshows, diagrams and other elements engage students with the content and decrease passive learning.

Captivating Course Lab Activities

The principals of Bloom's Taxonomy are applied to labs and activities as students evaluate, create, and analyze.

Formative & Summative Assessments

Courses contain auto-graded unit quizzes, midterm exams, and final exams. Students also have opportunities to "test their knowledge" before quizzes.

Contemporary Graphics

Next generation graphics and thought-provoking instructional design that is expected by today's online student.

Podcast Narrations

Each course unit contains professional audio narrations to provide support for auditory learners. Students can also listen on-the-go to make the most of their time and take learning deeper.

Optional Support Tool Bar

Support students diverse needs with over 90 language translations, text-to-speech read aloud, dictionary tool, screen masking, and more!

Videos

Short videos offer closed captioning and engaging content.
