

Aligned to national and state standards, Ignitia is recognized by the Global Student Network as the Best Christian, Bible-Based curriculum. Ignitia's rigorous and interactive self-teaching lessons allow students work at their own pace and rate of comprehension while encouraging students to consider challenging questions from a biblical perspective.

Ignitia lessons include more than 50,000 multimedia elements including interactive games, audio and video clips, external web links, and off-computer assignments. In addition, Ignitia's instant grading provides rapid feedback for students and an internal messaging system to quickly reach their instructor. Ignitia's inviting student experience features easy-to-use navigation, handy notes tools, inventive day-planning functions, and enhanced flexibility to suit any student's learning style.

Ignitia is user friendly for International and ESL students and translates lessons into over 72 different languages including:

Supported Browsers Google Chrome version 64 or higher Firefox version 57 or higher Microsoft Internet Explorer version 11 (For users of Internet Explorer on Windows 8, Ignitia must be operated in the Desktop version of Internet Explorer.) Safari version 9 or higher

Filtering *.glynlyon.com, *.sooschools.com, *.sooschools.net, *.ignitiaschools.com, *.ignitiaschools.net, and *.speechstream.net must be added to the whitelist of any filtering, proxy, or firewall programs/servers in use.

Knowledgeable technical specialists are ready to address hardware, network and internet connection challenges. Call 1-800-735-4193 (option 1).

Additional Features

With a wide variety of features, Ignitia supports academic achievement among diverse learners, while equipping students with practical instructional support tools.

Writer

A powerful learning tool, Ignitia Writer encourages practice and revision by providing students with individualized feedback during the essay-writing process to improve composition, spelling, and grammar.

Blended Learning Library

Ignitia's collection of more than 250 direct instruction videos offer step-by-step guidance that help students gain a conceptual understanding of key skills.

Virtual Labs

Virtual labs introduce students to an interactive environment where they are in charge of solving problems and exploring a whole new world of science, technology, engineering, and math.

Parent Connect

Parent involvement maximizes student learning. Parent profiles allow parents to view student grades, lesson plans, and academic progress.

Teacher Authoring Tool

With the help of Ignitia's Teacher Authoring Tool, educators are free to blend material from existing Ignitia courses or create something completely new. Teachers can modify to accommodate each student's need by customizing a lesson, project, quiz, test, or even an entire course.

Credit Recovery

Pretests before each unit assess a student's understanding of course concepts and determine whether to assign coursework from that unit or move on to the next. Flex assessments also allow teachers to modify questions, assignments, or entire lessons.

Automatic Grading

The majority of student work is automatically graded with Ignitia. Students receive instant feedback, and data is stored for later reporting with this practical, time-saving feature.

Data Management and Reporting Tools

Ignitia's intuitive teacher dashboard provides visual reports of student progress for individuals, as well as a comprehensive view of all students, so teachers can quickly identify at-risk students and export reports to share with students, parents, and administrators.

Text-to-Speech

This user-friendly application allows students to hear selected passages or entire lessons to promote greater understanding by simply highlighting the text within the lesson.

Certified Autism Resource

Ignitia is recognized as a Certified Autism Resource by the IBCCES. Ignitia allows teachers to create customized courses to meet the individual needs of each student.
